The Greater New York Councils, Boy Scouts of America has instilled over 5 million young people with values and character since its inception in 1921. Although our methods and programs have evolved and changed along with society since then, one thing has not: our commitment to kids.

Through over 7,000 volunteers and in collaboration with over 1,600 schools, community based organizations, churches, synagogues, businesses and governmental agencies the Greater New York Councils is making a very real difference in the lives of over 112,000 boys and girls. Our programs are as varied as the children they serve ranging from Cub Scouting, which delivers traditional outdoor Scouting programs with an emphasis on families for boys in the first through fifth grades, to Exploring, which provides a school-to-work transition program for high school aged boys and girls.

In support of these programs we operate three camp facilities covering 14,000 acres. Camp Pouch in Staten Island, home to day trips, weekend programs and a Cub Scout Summer Day Camp, Alpine Scout Camp on the Palisades just north of the George Washington Bridge in New Jersey, a popular weekend destination for our Scouts and home to the John E. Reeves Cub World, Camp Kalikow for our Scouting for Children with Disabilities program and a co-ed day camp for participants in our Learning for Life educational programs each summer, and the Ten Mile River Scout Reservation in upstate New York, 12,000 acres of trails, cliffs, lakes and rivers and host to five separate and distinct resident camps each summer.
